"Our group of five had a blast on the Fat Bikes at Little Sahara with Dani as the guide. Before tackling the dunes we did a ride on the bush trails where Dani pointed out wild koalas, and found some bush tucker for us to try. Our riders ranged in speed, but Dani kept us together without it feeling like we were waiting or missing out. Then we tackled the dunes. The dune was massive. The electric bike made the climb easy. The ride down was a thrill. We all enjoyed our trip and would do it again. Thank you Dani. - Daydream338242 (Trip Advisor)
